Academic Eligibility

There are several rules that govern participation in athletics. These rules are regulated by Banning Lewis Ranch Academy school board and administration. We compete with many of District 49 Schools, and we follow many of Falcon District 49 rules as guidelines for our program. Coaches have the option to set higher standards than what the school and District set. Athletes and their parents should be notified of these policies at the pre-season parent meeting.

Banning Lewis Ranch Academy's Academic Eligibility Standards:

1. Academic progress: To insure academic progress is maintained, **WEEKLY** eligibility reports will be conducted. Teachers are required to submit a weekly progress (cumulative grade) by 3:00pm on Wednesday of each week. Coaches are notified on each Thursday of all student athletes' academic progress. If a student has more than one "F" at the time of the report, he/she is ineligible, from games/meets, until the next weekly academic eligibility report.

2. Privilege to Participate: Participation in all interscholastic athletic programs is a privilege, not a right. Students may be dismissed from participation at any time do to conflicts or eligibility issues.

3. Suspension: A student that is suspended from school is suspended from athletics. No participation is allowed in either practices or games during the period of suspension. (Students suspended from school are not allowed on campus for any activity.) Upon the athletes return, the coach and athlete will meet to discuss any further repercussions for the remainder of the sport season.

I have read the standards of expected academic standards and agree to follow the standards/rules set forth.
